

# Automated Interface Solutions

Non-Contacting Web Measurement and Control Solutions

## Existing System Upgrades

### Web Measurement

AIS Gauging is an industry leader in web measurement technologies providing our customers with the most advanced measurement and control of thickness, coat weight and basis weight. Our system upgrades provide proven RESULTS!

### Upgrading Eliminates

**Black Box Design**

Difficult to diagnose problems or troubleshoot

**Proprietary Technology**

You are captive to the manufacturer

**Stand Alone Configuration**

Does not easily integrate  
Difficult to extract data

**Built-in Obsolescence**

You will be forced to upgrade

### Upgrading Provides

**True "OPEN" Architecture**

100% Tag-name driven  
Fully OPC compliant

**Cost Savings**

Only a fraction of new system pricing  
Replaces outdated/proprietary equipment

**100% Off-The-Shelf Components**

Simple design for ease of use

**NEVER Need To Upgrade Again**

## TOTAL SOLUTION PROVIDER

We supply solutions for roll stock, paper, aluminum foil, steel, blown film, plastic sheet extrusion, fiberglass insulation, vinyl and rubber, carpet, nonwoven textiles, tape, coating and laminating, asphalt roofing materials, particle board, as well as many other industries.

## WHAT SETS US APART FROM OTHER COMPANIES

AIS Gauging is definitely a different sort of gauging company. We feel our job is to provide our customers with the finest gauging and control systems available, and that all begins with a commitment and caring attitude toward our work. Since inception we have pressed the importance of quality, detail, precision and safety, all of which sets us apart from our competitors.

## AS A LEADING GAUGE SUPPLIER

We are fully dedicated to our clients. We look at things from a bigger perspective, thinking in terms of design, quality, and workmanship. By combining more than basic concepts, we are able to provide our customers with a realized solution that will last well into the future.
